

Calendula SAFETY DATA SHEET

1. Identification of the substance/preparation and of the company/undertaking

Identification of the product

Product name: **Calendula** (*Calendula officinalis*)

Manufacturer/supplier identification

Company: Calmer Solutions Limited
Hadresham
Woolborough Lane
Outwood
Surrey
RH1 5QR.
Telephone: +44 (0)1342 844658
Telefax: +44 (0)1737 306065

Emergency Telephone No: Please contact your local NHS Direct

2. Composition/information on main ingredients

Main ingredients: Calendula Oil Infused

CAS No USA: 68990-11-4

EC Number:

EINECS No: N/A

FEMA No:

CoE No:

TSCA: N/A

Percentage of Hydrocarbon: N/A

Concentration: 20%

3. Hazards identification

Main hazards:	None
Health effect - eyes:	Irritating to eyes
Health effect - skin:	None
Health effect - ingestion:	None
Health effect – inhalation	None

4. First aid measures

First aid - eyes:

Immediately flood the eye with plenty of water for at least 10 minutes holding eye open. OBTAIN MEDICAL ATTENTION.

First aid - skin:

None

First aid - ingestion:

None

First aid - inhalation:

None

Advice to physicians - None

5. Fire fighting measures

Suitable extinguishing media: Use carbon dioxide, foam or dry powder. Only flammable at elevated temperatures.

Unsuitable extinguishing media: Great care should be taken if using a water jet.

Special hazards of product: This product may give rise to hazardous fumes in fire.

Protective equipment for fire fighting: If fire severe wear self contained breathing apparatus.

6. Accidental release measures:

Personal protection:

Wear appropriate protective clothing.

Environmental precautions:

Prevent the material from entering drains or water courses. Advise Authorities if such spillage does occur.

Spillage:

Contain spillage using earth, sand or other inert absorbent material. Transfer to suitable container prior to disposal.

7. Handling and storage

Handling:

Keep container tightly closed when not in use. Use only in well ventilated area. Avoid contact with eyes, skin and clothing. Emergency showers and eye wash facilities must be readily available.

Storage:

Suitable storage is stainless steel, glass and aluminium. Store in a cool dry dark place.

8. Exposure controls/personal protection

As appropriate to quantity handled

Respirator: Not normally required

Hand protection: PVC or rubber gloves

Body protection: If danger of splashing wear PVC or rubber apron

Eye Protection: Chemical goggles must be worn during handling

Engineering control measures:

Engineering methods to prevent or control exposure are preferred. Methods include personnel segregation, mechanical ventilators and control of process conditions.

9. *Physical and chemical properties*

Form: Mobile liquid
Colour: Yellow brown to brown.
Odour: Characteristic

Boiling temperature: No Data
Density (kg/m³): 0.9050 - 0.9230
Optical Rotation:
Vapour pressure: Not applicable
- Density: Not applicable
Solubility in water: Insoluble

Flash point: >100
Explosion limits: lower: Not known
upper: Not known
Ignition temperature: Not known

10. *Stability and reactivity*

Stability: Stable under normal conditions

Incompatibility: Strong oxidising agents

Hazardous Combustion & Decomposition: Combustion will lead to oxides of carbon.

11. *Toxicological information*

Acute toxicity: Low order of acute toxicity

12. *Ecological information*

Mobility: No part of this product will dissolve rapidly in water

Bioaccumulation: Product is not expected to bioaccumulate

Exotoxicity: No data

13. Disposal considerations

Product disposal: Dispose of in accordance with all applicable local and national regulations.

Container disposal: Labels should not be removed from containers until they have been cleaned. Contaminated containers should not be treated as household waste. Containers should be cleaned using appropriate methods and then re-used (re-cycled) or disposed of by landfill or incineration as appropriate.

14. Transport information

Description:

UN-No.:	N/C	RID:	N/C
Class:	N/C	Packing Group:	N/C
