

Eucalyptus Citriodora Safety Data Sheet

**1. Identification of the substance/preparation and of the company/undertaking**

*Identification of the product*

Product name: **Eucalyptus Citriodora (*Eucalyptus citriodora*)**

*Manufacturer/supplier identification*

Company: Calmer Solutions Limited®  
Hadresham  
Woolborough Lane  
Outwood  
Surrey  
RH1 5QR.  
Telephone: +44 (0)1342 844658  
Telefax: +44 (0)1737 306065

Emergency Telephone No: Please contact your local NHS 111

---

**2. Composition/information on main ingredients**

Main ingredients: Essential oil of Eucalyptus Citriodora

CAS No USA: 8000-48-4

Concentration: 100%

---

### 3. Hazards identification

|                                    |   |
|------------------------------------|---|
| <b>Main hazards:</b>               | Flammable   |
| <b>Health effect - eyes:</b>       | Irritating to eyes                                      |
| <b>Health effect - skin:</b>       | Irritating to skin, prolonged dose may cause dermatitis |
| <b>Health effect - ingestion:</b>  | May cause lung damage if swallowed                      |
| <b>Health effect – inhalation:</b> | May cause irritation to the lungs                       |

---

### 4. First aid measures

|                                |   |
|--------------------------------|---|
| <b>First aid - eyes:</b>       | Immediately flood the eye with plenty of water for at least 10 minutes holding eye open. OBTAIN MEDICAL ATTENTION.        |
| <b>First aid - skin:</b>       | Wash skin thoroughly with soap and water. Contaminated clothing should be washed before re-use. OBTAIN MEDICAL ATTENTION. |
| <b>First aid - ingestion:</b>  | Immediately wash out mouth with water. Keep warm and at rest. Do not induce vomiting. OBTAIN MEDICAL ATTENTION.           |
| <b>First aid - inhalation:</b> | Remove from exposure. If symptoms persist obtain medical advice   |
| <b>Advice to physicians -</b>  | Treat symptomatically   |

---

### 5. Fire fighting measures

**Suitable extinguishing media:** Use carbon dioxide, foam or dry powder.

**Unsuitable extinguishing media:** Do not use water jet.

**Special hazards of product:** This product may give rise to hazardous fumes in fire.

**Protective equipment for fire fighting:** If fire severe wear self contained breathing apparatus.

---

## **6. Accidental release measures**

**Personal protection:** Wear appropriate protective clothing.

**Environmental precautions:** Prevent the material from entering drains or water courses. Advise authorities if such spillage does occur.

**Spillage:** Contain spillage using earth, sand or other inert absorbent material.

---

## **7. Handling and storage**

**Handling:** Keep container tightly closed when not in use. Use only in well ventilated area. Avoid contact with eyes, skin and clothing. Emergency showers and eye wash facilities must be readily available.

**Storage:** Suitable storage is stainless steel, glass and aluminium. Store in a cool, dry, dark place, avoid extreme heat/cold

---

## **8. Exposure controls/personal protection**

As appropriate to quantity handled

**Respirator:** Not normally required

**Hand protection:** PVC or rubber gloves

**Body protection:** If danger of splashing wear PVC or rubber apron

**Eye Protection:** Chemical goggles must be worn during handling

**Engineering control measures:** Engineering methods to prevent or control exposure are preferred. Methods include personnel segregation, mechanical ventilators and control of process conditions.

---

## 9. **Physical and chemical properties**

**Form:** Mobile liquid  
**Colour:** Colourless to pale yellow  
**Odour:** Fresh, reminding of cineol

**Boiling temperature:** No data

**Density (kg/m<sup>3</sup>):**

**Optical Rotation:**

**Vapour pressure:** Not applicable

**- Density:** Not applicable

**Solubility in water:** Completely insoluble

**Flash point:** 48°C

**Explosion limits:** lower: Unknown

upper: Unknown

**Ignition temperature:** Unknown

---

## 10. **Stability and reactivity**

**Stability:** Stable

**Incompatibility:** Strong oxidising agents

**Hazardous Combustion & Decomposition:** Combustion will lead to toxic fumes

---

## 11. **Toxicological information**

**Acute toxicity:** LD50 orl-rat: 2480mg/kg.

---

## 12. **Ecological information**

**Mobility:** Product will not dissolve or disperse in water

**Bioaccumulation:** Product is not expected to bioaccumulate

**Exoticity:** No data

---

### 13. Disposal considerations

**Product disposal:** Dispose of in accordance with all applicable local and national regulations.

**Container disposal:** Labels should not be removed from containers until they have been cleaned. Contaminated containers should not be treated as household waste. Containers should be cleaned using appropriate methods and then re-used (re-cycled) or disposed of by landfill or incineration as appropriate.

---

### 14. Transport information

**Description:** Flammable liquids n.o.s.

**UN-No.:** 1993                      **RID:** 31c

**Class:** 3.3                      **Packing Group:** III

---

### 15. Regulatory information

**Labelling according to EC directives**

**R-phrases:** R10 Flammable  
**(Risk)**

**S-phrases:** S16 Keep away from sources of ignition - No smoking  
**(Safety)**

**Einecs Listing:** All components are either Einecs listed or classified as polymers

---

## **16. Other information**

The information and recommendations contained in this data sheet are believed to be accurate and represent the best information currently available to us. No warranty, guarantee or representation is made by Calmer Solutions Limited<sup>®</sup> as to the correctness or sufficiency of the information and recommendations in this data sheet, nor can it be assumed that all possible safety measures are contained in this data sheet or that additional measures may not be required under varying conditions and circumstances.
